ACADEMIC POSTER SESSION

2022

Welcome to the Cambridge Health Alliance

14th Annual Academic Poster Session

Wednesday, September 14, 2022 / 6:30 pm

Row Hotel at Assembly Row

Somerville, MA

The Academic Poster Session is a signature CHA event that provides an opportunity for our community to share interests and accomplishments and to forge new collaborations across departments and work sites. The session has grown over the years from a small Department of Medicine gathering to a CHA-wide event sponsored by the CHA Center for Professional and Academic Development.

As you will see within these pages, the range of activity reflects a vibrant institutional commitment to research, innovation, continuous improvement and scholarship. This work is especially noteworthy because it was completed during the COVID years. We are grateful to the CHA Strategic Planning, Marketing & Communications Department and many others for their support of this event.
